In your own backyard
Plan(t) it to expand education

Kim Todd will talk about dynamic growing environments such as the Keim Courtyard, Backyard Farmer, and Evasco Gardens and how these can be used to educate the public about the fascinating and complex relationships between plants, soils, insects, diseases, wildlife and water. Technology will be highlighted that will further expand the reach of educators to a wider audience.

FRIDAY
January 30, 2015
3:30 pm
Keim Hall, Room 150
Refreshments served at 3 pm

Presented by
Kim Todd
Associate Professor, UNL Agronomy & Horticulture
